

Bart's Bash – 21st September 2014

In total, about 47 LR Scows participated in this epic sailing event. Many of us could hardly get across the start line, let alone finish, due to light winds and a strong ebbing tide. I had to remind myself it was a fun event in aid of charity as I was forced to retire about 20 yards from the finish. Nevertheless, it must have been a vast project to organise and congratulations to all those involved.

Sue Sutherland really entered into the spirit and dressed for the occasion. Well done Sue.
